- API Integration (Midtrans, WhatsApp, AI)
- Adobe Photoshop

LANGUAGES

- Indonesian

Alim Masrikat

Web, Android & Desktop App Developer

ABOUT ME

I build apps that people actually use: information systems, digital stores, portals, and Android apps. From idea and design to release and maintenance, I handle it all myself, so communication stays short and results stay clear.

SERVICES

Android Apps (APK) | Desktop Apps | Digital Product Store | Integration & Automation | Maintenance & Development | WordPress Websites | Graphic & Visual Design

EXPERIENCE

Full-Stack Developer (Independent)

Freelance | Present

Design, build, and maintain web, Android, and desktop applications for education, tourism, and digital businesses.
